

# Take Back The House

Remixed by Tru Dixon

Lyrics and beat inspired by “Your Power” Lecrae and Tasha Cobbs Leonard

As the organizers of this movement, we want you to truly feel how essential it is to understand what this song represents. Its message has the power to not only reach tens of millions of voters but also inspire their hearts—lifting them up, strengthening their spirit, and inspiring the kind of determination that carries people all the way to victory.

This song expresses a message of **empowerment**, **faith**, and **collective action**, focused on encouraging people to show up, stay united, and create change through voting. It blends **spiritual encouragement** with themes of **resilience**, describing how faith, strength, and perseverance help people push through discouragement and injustice. The lyrics reflect overcoming past setbacks, emotional struggle, and moments where hope felt lost—but finding renewed purpose through belief and community.

A major theme is **unity**: people coming together, recognizing their shared power, and using their collective voice to influence the direction of their community or nation. The repeated lines about “Voting Them Out” and “Taking Back The House” symbolize reclaiming democracy and correcting what’s seen as unfairness or misuse of power. The song also highlights challenges like disenfranchisement, frustration with past outcomes, and attempts to undermine people’s voices—yet it frames unity as stronger than fear or opposition.

Ultimately, the message is that **strength, faith, and togetherness give people the power to create change**, and that each individual’s contribution matters. The closing sections reinforce hope, self-determination, and the idea that the community can be “Its Own Hero” by showing up and acting collectively.

**CHORUS**

*Mm, mm, mm, mm, mm, ah, ah, ah, oh, oh, oh, ah, ah, ah*

**SOLO – Female**

We have the power to vote them out  
We have the power to take back the house

**CHORUS**

*Yeah, yeah, ah, ah, ah, oh yeah, yeah, yeah*

**SOLO – Male Rapper**

Yeah, yeah, yeah, yeah, we need it...we need it from moment to moment  
We need it to get where we're goin  
We need it to fight the opponent  
The power that moves every mountain  
Like grace flowin' from an endless fountain  
We know it's a power livin' in us, don't see it, but it's all around us, **(CHORUS)** *woo, yeah*

**SOLO – Female Rapper**

Yeah, they told us that we're finished  
But God said, "Just wait and bear witness"  
He split the red tides, made the blue rise, now we need to handle our business  
We had to believe in change  
We've carried the weight and strain  
Now it's time to rise and take the lead, our voice matters, our vote is the seed (woo, yeah)  
We need mercy, we need grace  
We need strength to win this race  
The power that never bends, the strength that never breaks  
All my life, I had to fight I'm, **(CHORUS)** *done survivin'*  
You gave me life, you gave me light, **(CHORUS)** *I rise with power*

**SOLO – Female**
